

**Introducing a high-margin UTM solution for SMB:  
Recruiting now for Cyberoam Partners!**

Interwork Technologies welcomes Cyberoam as our newest security vendor partner. With this strategic partnership, Interwork will be the official distributor for the Cyberoam UTM+ appliance series, which will allow further offerings of innovative technologies and high margin solutions to you, our valued partner. No other SMB appliance has the features and price points that Cyberoam does.

The Cyberoam UTM+ appliance includes (with NO per user charges):

<b>UTM +</b> + Network Access Control (NAC) + Total Bandwidth Management (TBM)	- Firewall - VPN - Anti-Virus & Anti-Spyware - Anti-Spam - Intrusion Detection & Prevention - Content Filtering (ALL are Identity Enabled)	+	- Identity-Based Network Access Control (NAC) (Active Directory, e-Directory, & LDAP compatible)	+	- Total Bandwidth Management (TBM)
--	--	---	---	---	------------------------------------

We know how important margins and bottom line profitability is to you, and so does Cyberoam. Because Cyberoam is not over-distributed like other UTM products and providers, you actually get to keep the 20-30% margins that you can earn on every Cyberoam sale as Cyberoam sells exclusively through VARs and does not sell to DMRs. And with Cyberoam units starting at only \$679, there is a Cyberoam UTM+ appliance suited for every customer's size and budget.

**Sign up before March 30 2009 to take advantage of any one of these great promotions!**

**Promo #1**

**2+1 UTM appliances CR25i, CR50i, CR100i and CR250i.**

Buy ANY two of the afore-mentioned fully bundled appliances and get a CR25i unit (10 node) for FREE.

**Promo #2**

**Get a CR50i FREE!**

Buy a CR50i or above with THREE years of bundle licenses and get a credit equal to the cost of the base unit.

**Promo #3**

**50% off base unit price on a competitive displacement!**

Trade in that "old technology" (i.e. Sonicwall/Barracuda) for a next-generation Cyberoam.

**Promo #4**

**Get an appliance for \$99!**

Buy a Cyberoam appliance with 3 years of licensing and get a "hot spare/failover" unit of the next model down for \$99. Valid with CR50i or above.
